3. We value community as a safe place where people are respected, affirmed, and empowered, so that their dignity is upheld.
4. We pursue relationships that are mutual, authentic, and based on trust.
5. We celebrate diversity of cultures and traditions, personalities and opinions.

VISION STATEMENT

To be the leading Christian liberal arts university in Europe, renowned for its flourishing academic community, spiritual vitality, and global impact.

AN OVERVIEW OF THE UNIVERSITY

LCC International University is an exciting place to be! LCC was the first liberal arts university with Christian roots and orientation in all of Eastern Europe and is growing rapidly. LCC offers the kind of liberal arts education that is characteristic of many North American universities and Christian higher education institutions.

As a Christian liberal arts institution, LCC offers certain qualities through its academic program. Those qualities may be summarized in the following three developmental goals of LCC, the goals of a liberal arts education:

- The development of a thoughtful citizen
- The development of character
- The development of a Christian worldview

The following sections describe these goals.

LIBERAL ARTS EDUCATION: THE DEVELOPMENT OF A THOUGHTFUL CITIZEN

The citizens of classical Greece studied the *artes liberales* (works befitting a free person) to obtain an education for free citizens who wanted to contribute to the life and development of their country.

Late in the second century of the Christian era, the church built upon this Greek tradition by developing the first Christian liberal arts college in Alexandria, Egypt, known as the Alexandrian Catechetical School. Students came from throughout the Mediterranean region to study, for every subject was considered worthy of examination within a Christ-centered academic environment.

Hugh of Saint Victor, an Augustinian monk in 12th century Paris, carried forward the academic commitments of the classical Greeks and the early church leaders by reviving the *artes liberales* to provide a dual focus on secular study and religious contemplation. Hugh's work became the basis for some of the great world universities such as the University of Paris.

Four hundred years later, the Jesuits of the Roman Catholic Church spread the classical education of *artes liberales* around the world in the many universities they founded, including

Vilnius University in Lithuania's capital. Other Christian communities followed the Jesuit example, establishing Christian liberal arts universities around the world.

The liberal arts consist of the arts, humanities, social sciences and often the natural sciences. A liberal arts education is not simply the transfer of information but thinking about and discussing related ideas. This type of learning functions best in an atmosphere of mutual respect and interaction between teacher and student. LCC builds upon a long tradition of rigorous academic study, caring human relationships, and Christian worldview.

PHILOSOPHY OF EDUCATION: THE DEVELOPMENT OF CHARACTER

The Board, Faculty and Staff at LCC believe each student is a person of worth and dignity. Because of this, faculty members seek relationships with students. Students who attend LCC have opportunity to develop close ties with professors in the classroom and in informal settings. Faculty members strive to model lives of integrity which students may choose to emulate.

Strength of character involves the willingness to think, solve problems, and lead others by the way one lives. A person of character chooses to act ethically. For the individual, character results in the development of self-expression, personal freedom and responsibility, and a commitment to the well-being of others. A society filled with persons of strong character expects freedom and responsibility for all persons.

A CHRISTIAN UNIVERSITY: THE DEVELOPMENT OF A CHRISTIAN WORLDVIEW

A worldview centered on the Judeo-Christian tradition is at the heart of LCC's programs of study. Faculty comes from a wide variety of church backgrounds. Students are admitted to LCC without regard to religious background.

A variety of Christian worship and service opportunities are offered to students but are not required. LCC wants to support the Christian church in the region and encourages students to worship in the church of their tradition and choice.

LCC is a distinctive institution. We are excited about that difference and welcome you to experience it.

STATEMENT OF FAITH

The Apostles' Creed and Nicene Creeds are accepted by Orthodox, Roman Catholic and Protestant churches as statements that express the central beliefs of the Christian faith. LCC is committed to these Creeds and holds both as its Statement of Faith. See the Appendix for the text of the Creeds. LCC asks faculty and staff members to affirm these Creeds and seeks faculty members who are Christians actively involved in the church.

OUR HISTORY

At the invitation of the Ministry of Education and Culture, the Lithuania Christian Fund began the establishment of Lithuania Christian College in the summer of 1991 in Panevėžys. That summer LCC began with classes in the English language at the first Summer Language Institute. During the fall and spring of 1991-1992, students studied English full-time in the English Language Institute.

Following a move to Klaipėda in the summer of 1992, the second Summer Language Institute took place. The four-year university program began in the fall of 1992 when students began first year courses. May of 1996 saw LCC's first commencement

exercises. Twenty-two graduated. In summer 2010 the first Master's level program was started with a cohort of 11 students.

From 1992 to 1999 LCC rented facilities within the Klaipeda University campus. In August 1999, LCC moved to new facilities on Kretingos street in Klaipėda. Three hundred and fifty students began the 1999-2000 academic year in the new facilities. Another 150 enrolled in the English language program. Currently there are about 700 students studying at LCC.

LCC also offers a variety of evening courses in English. Each July the university offers a three-week intensive English language course for professionals, students, and secondary school students.

GRADUATE PROGRAMS

LCC offers one MA degree:

Students from Armenia, Australia, Azerbaijan, Belarus, China (People's Republic of China and Taiwan), Georgia, Israel, Japan, Kazakhstan, Moldova, New Zealand, South Korea, Ukraine, The United States of America, Uzbekistan and foreign citizens of Lithuanian origin of non-EU and non-EFTA countries can apply for a monthly scholarship of 560 EUR and a grant covering the study cost. The grant covering the study cost is limited to and cannot be higher than the national standard study cost.

Funding is available to a limited number of students, with the application deadline typically falling in early May. Read more on government page: [Full-Time Master Degree Studies in Lithuania \(studyin.lt\)](#)

FOR LITHUANIAN RESIDENTS ONLY

LOANS

The Lithuanian government offers state-supported student loans at preferential terms through banks, covering tuition fees. For more information on government student loans visit <https://vsf.lrv.lt/lt/studentams/vrpaskolos/> or contact the SFS Office (sfs@lcc.lt).

INCOME TAX BENEFIT

According to the Resident Income Tax legislation (Article 21, part 1.4 and 2 and 4), amounts paid for studies (when higher education and/or qualification is obtained upon graduation, as well as doctoral studies and art post-graduate studies) by residents of Lithuania can be deducted from the taxable income and thus decrease the income tax for residents. If a person whose studies are being paid for is under 26 years of age and tuition cannot be deducted from his/her taxable income, the tuition can be deducted from the taxable income of one of his/her parents/foster parents. If a loan is taken to pay for studies, the amounts that can be deducted are the amounts that are repaid. The tuition is to be deducted in the annual income declaration.

The highest net benefit of this deduction is income tax savings amounting to 20% of tuition. For more information on Income tax benefits visit www.vmi.lt.

Mission Statement

Good Standing

Residency Housing

MISSION STATEMENT

The Student Life division facilitates holistic student education through the practice of an authentic Christian learning community.

We seek to provide essential student support and services, migration support and promote student learning and competencies through skill building, self-knowledge and leadership and service opportunities. The services lodged here are:

- **Career Development** - department staff provides a host of learning opportunities, employment information and consulting services to students, alumni and employers through individual counseling.
- **Migration Support** – if a short-term Schengen visa is required for arrival, the Director of Migration Affairs provides essential migration support to international students during the invitation process and collaborates closely with office staff to ensure compliance with national and international mobility regulations. To facilitate proper planning and application, the process should be initiated at least three months in advance.

GOOD STANDING

Our mission in Student Life is to facilitate holistic student education through the practice of an authentic Christian learning community. If students are not honoring good standing expectations, disciplinary actions may be taken by Student Life. The type of action depends upon the seriousness of the offense, willingness to take responsibility for personal actions and attitude, and it may vary from student to student. Every opportunity is explored to contribute to the student's personal growth and success, while seeking to maintain a healthy living and learning environment. The goal of the restoration process is to help students develop character, personality, and ability.

Violations of Student Life Good Standing expectations involve choices that violate the spirit of the principles above and may involve harm to an individual or to the larger LCC community.

Threats, Assault or Harassment

LCC International University seeks to pursue a safe workplace/place of study through relationships that are respectful, mutual, authentic, and based on trust. It is the policy that no member of the community - students, faculty, administrators, staff, or third parties - may harass any other member of the community. All cases of harassment and assault will be taken seriously, investigated, and responded to with appropriate severity.

To report harassment or assault email the Vice President of Student Life, Aaron Howell (ahowell@lcc.lt).

The full policy can be found [here](#).

Each student is expected to be a responsible member of the LCC community by adhering to all Student Life behavior policies to cultivate a safe and respectful campus. These policies can be found in at <https://portal.lcc.lt/student-life-policies/>

Student Classification

Classes, Courses and Credit Hours

Graduation Requirements

Graduation

Grades

Prior Learning Assessment

Academic Standing

Academic Integrity Policy

Discontinuing Studies

Students are responsible for the knowledge and application of all academic policies.

ACADEMIC ADMINISTRATION

ACADEMIC VICE PRESIDENT

The Academic Vice President provides institutional leadership for all academic matters and oversees the entire academic division, ensuring the quality and development of academic programs.

ACADEMIC DEAN

The Academic Dean works closely with the Academic Vice President on academic program recognition/accreditation, and faculty development. The Academic Dean oversees Quality Assurance systems and works closely with Department Chairs on implementation and reporting. The Academic Dean is the key liaison with the Department Chairs for all issues related to the faculty.

DIRECTOR FOR INSTITUTIONAL EFFECTIVENESS

The Director of Institutional Effectiveness is responsible for developing and maintaining Quality Assurance systems, ensuring university compliance with required external reporting obligations as well as reporting institutional administrative data to external agencies, providing guidance and support for all accreditation-related efforts, both for ongoing institutional accreditation and for academic programs, and serving as the key liaison with appropriate government entities, external agencies, and strategic partner institutions for all issues related to accreditation and Quality Assurance.

PROGRAM DIRECTOR

The Program Director gives leadership to the program, including faculty recruitment and curriculum development. The Program Director collaborates with the admissions processes, advises students, facilitates changes in student status, mediates between faculty and students, and oversees the quality of the program.

REGISTRAR

The Registrar, together with the Program Director, provides a program plan (academic progress report) for all students, indicating the course requirements necessary to graduate. The Registrar is also available to interpret policies and explain academic requirements and procedures. The Registrar handles registration, all student records, grades, transcripts, diplomas, and diploma supplements. The Registrar functions as the ECTS institutional coordinator.

REGISTRATION

Incoming students will be registered for classes by the Registrar's Office and will receive their schedule by email prior to the beginning of the session.

STUDENT CLASSIFICATION

Students are classified according to their year of entry.

For example, if the student's classification is MA25, this signifies that the student entered the program in August 2025

Students are classified as second-year students after they have completed 42 ECTS credits.

CLASSES, COURSES AND CREDIT HOURS

ATTENDANCE OF ON-CAMPUS, RESIDENCY SESSIONS

Students are required to attend a Summer Residency Session in early August, in-person, on campus.

The Summer Residency Sessions introduce courses which are a vitally important part of the MA program. During this time, students meet together with faculty and classmates. Classes meet daily for several hours. Since so much is covered in a relatively short period of time, attendance every day of the summer sessions is necessary for successful completion of the coursework. Students should clear their schedules and plan to be free from other responsibilities during the weeks in August when the intensive, face-to-face portions of the course are in session.

ATTENDANCE OF ON-LINE SESSIONS

For the online courses students "attend class" asynchronously, by going online and accessing the posted class materials and assignments. Students read course content and additional information on Moodle, LCC's Course Management System (CMS) through links to websites, articles, and books. Students participate in online discussions or through video platforms. Course content is accessed through audio, video, PowerPoint presentations, and other delivery forms. It is important that students allocate time each week to actively participate. Students can estimate devoting 10-15 hours each week to online learning.

CREDIT HOURS

LCC uses the European Credit Transfer and Accumulation System (ECTS). All references to credits in this catalog use the ECTS system. 1 ECTS equals 0.5 North American credits.

COURSE LOAD

Students must earn 90 ECTS credits to complete the MA TESOL requirements. Students usually earn 42-45 ECTS credits per year.

COURSE IDENTIFICATION SYSTEM

The three letters at the beginning of the course number indicate the subject area:

ENG 500-699

GRADUATION REQUIREMENTS

The academic requirements found in the catalog at the time a student is accepted into LCC are applicable for the student's entire course of study. Current academic requirements for graduation are:

- Complete all course requirements
- Earn a total of 90 ECTS credits
- Maintain a minimum cumulative grade-point average of 6.00.
- Complete and successfully defend the thesis during the last year
- Complete all program requirements within a five-year period

Students have final responsibility for meeting all graduation requirements.

THE 5 YEAR RULE

As the program is scheduled to run over a two-year schedule, it is important for students to complete all required classes each semester. Any deviations from this program plan require approval from the respective Program Director and Academic Vice President.

A student has 5 years from the date of his or her first registration at LCC to complete his or her degree under the catalog in effect at the date of first registration. Students who continue beyond the fifth year may elect to meet the graduation requirements of the catalog in effect in the sixth year of attendance or the catalog in effect at the year of readmission.

Students should also note that the time taken during an Academic Leave counts toward the 5 years required to complete the degree requirements for graduation. More information about Academic Leave is available below.

GRADUATION

While LCC makes every effort to assist students in meeting academic requirements, the final responsibility for meeting all academic and graduation requirements rests with each student. All graduating students must complete a Declaration of Intent to Graduate form and return it to the Registrar by the end of February of the year in which they will graduate. This form will be sent to each qualifying student via email from the registrar's office.

COMMENCEMENT

Commencement is held during the Summer Residency Sessions on campus. Diplomas are issued to graduates after completion of their program. Diplomas are withheld from graduates who have any financial or other obligations, such as unpaid bills or unreturned books.

Attendance at commencement is encouraged for all students who have completed all program requirements.

HONORS

LCC awards academic honors to students who demonstrate superior scholastic achievement.

Honors are awarded as follows:

Cum Laude:	Cumulative GPA of 9.20 - 9.59
Magna Cum Laude:	Cumulative GPA of 9.60 - 9.79
Summa Cum Laude:	Cumulative GPA of 9.80 - 10.00

Honors are indicated on the Diploma Supplement.

GRADES

FINAL GRADES

At the end of each semester, the faculty submit grades online to the Registrar.

The students can access their final grades on LCC Portal (<https://portal.lcc.lt>). All students are notified about their final grades by the Registrar's office.

Students having questions about the course grade should first contact the professor. Students needing assistance in contacting the professor should contact the Program Director. Grades are withheld from students who have unpaid bills or unreturned books.

GRADING SYSTEM

All courses at LCC are graded on a 10-point scale. These grades are used to calculate a student's GPA.

10-point scale	Percentage	Grade meaning
10	94-100	Excellent
9	87-93	Very good
8	80-86	Good
7	73-79	Highly satisfactory
6	67-72	Satisfactory
5	60-66	Sufficient
4	50-59	Fail
3	40-49	Fail
2	30-39	Fail
1	20-29	Fail
0 (F)	0-19	Fail
0 (WF)	-	Withdrawn Fail

OTHER GRADES & NOTATIONS

Other grades are given in special cases. These grades are not calculated in the GPA:

I	Incomplete
IP	In Progress
P	Pass
T	Transfer Credit
W	Withdrawn

INCOMPLETE GRADES

An incomplete may be granted only for unexpected illness or other unusual circumstances.

In the event of such illness or circumstances, instead of an incomplete, the Registrar in consultation with the Academic Vice President may authorize a W (Withdrawn) in those courses which the student was passing at the time he/she became incapacitated. Courses carrying a grade of W receive no credit and are not counted as hours attempted.

In order to be eligible for an incomplete grade a student must have 2/3 of the course work completed (excluding the final exams) and have a passing grade (5 or above) at the point of application.

A student must request an incomplete and receive the professor's recommendation by the last day of classes. If an incomplete is granted, a grade of "I" will be temporarily recorded for the course.

The final grade for an incomplete should be reported to the Registrar as soon as the incomplete work is finished but not later than two weeks before the end of the following full term. The "I" grade becomes a F (0-4) if the student has not completed the work within the time allowed. Academic leave does not negate these requirements.

Students submit the Incomplete form online; the form can be found here:

<https://portal.lcc.lt/academics/forms-requests-and-policies/>

WITHDRAWING FROM A COURSE

Students may elect to withdraw from a course. All requests for withdrawing from courses must be submitted to the Registrar and Program Director by email. See the Financial Section for financial implications of dropping a course.

ACADEMIC DEBT

Academic debt for graduate students is a failed grade in required major courses only. Failed courses in this category must be repeated. In cases when there are electives in required major courses, a student can choose another course option. However, repeating a failed course is strongly recommended as failed grade affects cumulative grade point average and is listed on the diploma supplement.

GRADE POINT AVERAGE

Grade Point Average (GPA) is calculated by dividing the total number of grade points earned by the total number of credits attempted. For example, a student receives a 10 (in a 6-credit course), 7 (in a 6-credit course) and 8 (in a 6-credit course). $((10 \times 6) + (7 \times 6) + (8 \times 6)) / 6+6+6 = 8.33$ GPA. Transfer credits (T) and Pass (P) do not appear as hours attempted and are excluded from the GPA. Failed courses are included in the GPA. Cumulative (CUM) GPA refers to the GPA calculated for the entire period of study at LCC.

FINAL GRADE APPEAL PROCESS

A student who believes that he or she has been given a grade unfairly must follow these steps in sequence:

1. Submit a written appeal to the instructor who gave the grade, stating the reason(s) the student feels a change of grade is warranted. Schedule a conference with the instructor, at which time the instructor will explain to the student how the student's grade was determined. The registrar can assist students in contacting an instructor.
2. If the instructor does not believe that a change in grade is warranted, and the student wishes to continue with the appeal, the student may submit a written appeal to the corresponding department chair.
3. If the department chair decides that the grade should not be changed, the student may submit a written appeal to the Academic Appeals Committee. The Academic Appeals Committee would investigate the grade appeal and provide decision to a student and faculty member.
4. The timeline for submitting grade appeal is the following:
 - a. Student appeal to the instructor - within 2 working days after the receipt of the grade;
 - b. Instructor's reply to the student - within 2 working days after the receipt of the appeal;
 - c. Students appeal to the corresponding department chair - within 1 day after receipt of the reply from the instructor.
 - d. Department chair replies to student's appeal - within 2 working days after its receipt.
 - e. Students appeal to the Academic Appeals Committee - within 1 working day after the receipt of the reply from the Department Chair.
 - f. Academic Appeals Committee reply - within 3 working days after the receipt of student's appeal.
5. If a student or a faculty member is not satisfied with the decision of the Academic Appeals Committee, they may appeal the decision of the Academic Appeals Committee to the Academic Vice President within 1 day after the receipt of Academic Appeals Committee's

decision. Academic Vice President provides the decision within 3 working days. The Academic Vice President's decision is final and not negotiable.

CHANGE OF GRADE BY INSTRUCTORS

Requests for change of grades are submitted by the professor to the Registrar only when an error in the original grade is found, or when an Incomplete is completed. No change of grade can be made after a diploma or diploma supplement is issued. Change of grade requests are submitted online (<https://portal.lcc.lt/academics/forms-requests-and-policies/>)

REPEATED COURSES

The original grade for the course is included on the transcript. A repeated course is so designated and is printed with the new grade earned. In calculating the cumulative GPA only the higher grade is used. If a student repeats a course in order to pass (because they failed the first time), an unlimited number of attempts may be made. Students may only repeat a course once in order to improve their academic record. In cases where the course was initially passed and subsequently repeated, credit is granted only once for the course.

REQUEST FOR TRANSCRIPTS

Persons may request transcripts of their academic record at LCC. Official transcripts bear the signature of the appropriate university official and the official LCC stamp. Official transcripts can be requested as part of an application to another university and can be sent directly to the other institution. Unofficial transcripts, without stamp and signature, may be requested for a student's personal use. Transcript requests are made online (<https://portal.lcc.lt/academics/forms-requests-and-policies/>)

Fees for transcripts are listed in the Student Financial Services section.

PRIOR LEARNING ASSESSMENT

Prior Learning Assessment is the assessment and recognition of learning achievements and competencies acquired in non-formal and informal ways. The goal of the assessment of prior learning is to contribute to a person's desire for lifelong learning, to meet the individual learning needs and guarantee a person the opportunity to validate the acquired knowledge and skills. Non-formal and/or informal learning activities cannot be validated for accessing higher education (e.g. cannot substitute a high school diploma for admission to university). However, they can be validated for fulfilling higher education study requirements (e.g. to waive a certain course within an academic program). For more information, please contact LCC Registrar at registrar@lcc.lt .

The procedures apply to the following individuals:

- those with at least secondary education who are planning to study in a formal program of study at the University and wish to evaluate competencies acquired in this way (work activities, independent study, internships, seminars, projects and so on);
- enrolled students who seek to formalize learning achievements acquired through non-formal and informal learning.

Assessment of Prior Learning

Candidates may apply to assess their learning achievements acquired via non-formal education and training (ex. certificate trainings) or via informal education (work activities, volunteering, internships, independent studies, etc.).

Candidates must be persons with at least a high school diploma:

- without bachelor degree in the field but with work experience of at least 3 years;
- with higher education degree but employed in a different field for at least 3 years;
- interrupted studies in higher education for various reasons

Learning achievements may be assessed using the following methods: interview, tests, performance monitoring, portfolio, self-analysis and others. For each assessment of each competency at least three assessment methods must be used.

Competency assessment and recognition is carried out by the Committee.

Organization of the Assessment of Prior Learning

- Before the start of the assessment, the candidate has to apply in writing to the Registrar's office. A contract regarding the assessment of competencies where both parties' responsibilities are outlined is signed between the University and a candidate.
- Assessment of prior learning takes place once a year and consists of the following integral parts: informing, consulting, assessment and formalization of competencies.
 - **Information stage:** A candidate has the right to full information about the principles of assessment, procedures, conditions, and possible assessment results. A candidate shall pay the registration fee (for registration and consultation).
 - **Consultation stage:** A consultant from the given Department is appointed to the candidate to advise on possible evaluation methods, how to prepare a portfolio, in what form to provide information, how to prepare for various assessments (interview, test, etc.). The candidate receives not more than four consultations in total. One consultation is 1 academic hour.
 - **Assessment stage:**
 - The President appoints a 3-person Committee for competency assessment.
 - The Committee examines the content of the documents and decides what methods will be used to evaluate informally learning achievements and informs the candidate.
 - The Committee performs assessment and formalization in 30 days.
 - The Committee has the right to ask to supplement a portfolio with additional evidence. In this case, assessment time is adjusted by mutual agreement.
 - The committee prepares the final evaluation report which concludes whether competencies are recognized or not.
 - **Formalization stage:**
 - Recognized competencies and assessment results are registered as learning achievements of the study program and recorded into a tracking sheet.
 - Not more than 75% of the study program can be recognized through PLA.

- Electives are recognized with no limitations;
- Thesis and/or comprehensive exam cannot be recognized;
- Credit transfer letters are submitted by the Registrar to the Academic Vice President for approval;
- A candidate is informed about the decision and assessment results.
- Registrar's office issues the candidate a transcript of the courses accredited.

Final Provisions

- A candidate has the right to appeal the results of the assessment. If a person does not agree with the decision, he may within 5 days of receipt of the reply appeal to the President.
 - Appeals are evaluated by an Appeal Committee consisting of 3 members appointed by the President. The Appeal Committee consists of two program lecturers and one social partner.
 - The candidate may be invited to the appeal hearing. A candidate may not be represented by another person.
 - The Appeal Committee shall examine the appeal within 30 calendar days from receipt of the appeal and submit a written response to the candidate.
 - The decision of the Appeal Committee is recorded in the minutes that are signed by all the members of the Appeal Committee. The Appeal Committee records the new assessment decision (if it is changed). Any new assessment decision shall be signed by all members of the Appeal Committee.
- A fixed fee is charged for the competency assessment and recognition which includes:
 - Application and consultation fee (not more than 1 BSI).
 - Assessment fee depends on the applicant's competences and learning achievements. Fee for one credit may not be greater than 0.6 BSI.

ACADEMIC STANDING

GOOD STANDING

In order to remain in good standing students must maintain a minimum CUM GPA of 6.00. The CUM GPA will be evaluated at the end of every semester. Students whose CUM GPA drops below 6.00 receive a warning from the Registrar's Office or Program Director, and they are put on probation. Students whose CUM GPA remains below 6.00 after the consecutive semester are usually dismissed.

ACADEMIC INTEGRITY POLICY

ACADEMIC INTEGRITY

LCC seeks to be an institution that incorporates Christian character into all its decisions, activities and programs. Thus, academic integrity is of the highest importance. Students and faculty work together in relationships based on trust. Trust and integrity are essential to strong character and responsible citizenship.

As students accomplish academic work, LCC wants them to develop integrity, trust, and strong character. LCC encourages students to develop their own thinking and make their own conclusions based on their own research. Each student's writing, assignments and other work should reflect that student's thoughts and effort. LCC believes that each student should be rewarded for his or her own work and shouldn't benefit from work that is not their own or work that is done dishonestly.

For these reasons LCC addresses and disciplines academic misconduct.

PLAGIARISM

Any of the following violations are deemed instances of plagiarism:

- Using the exact words of a published or unpublished author without quotation marks and/or without making reference to the source of these words.
- Using another student's research or writing assignment, in whole or in part, and submitting it as one's own work.
- Submitting course work that the student did not create and presenting it as his or her own. For example, using a ghostwriter; using artificial-intelligence text-generation or paraphrasing tools to the extent that it is no longer recognizable as the student's genuine work; or having someone revise or edit work to the extent that it is no longer recognizable as the student's genuine work.
- Duplicating a table, graph or diagram, in whole or in part, without reference to the source.
- Paraphrasing the conceptual framework, research design, interpretation, or any other ideas of another person, whether written or verbal (e.g. personal communications, ideas from a verbal presentation) without reference to the source.
- Using your own work from a previous or current course without proper citation.

Work may be deemed minimally plagiarized or substantially plagiarized at the instructors' discretion with reference to the descriptions of these in the Faculty Handbook.

Where a paper is deemed by the instructor to be minimally plagiarized, the instructor will require the paper to be rewritten in correct form, with a grade reduction as penalty. The grade reduction is to be determined by the instructor.

Where the assignment is deemed by the instructor to be substantially, the paper will be given a 0% with no possibility for regaining those points. The instructor will submit an Academic Misconduct Incident Report to the Registrar along with the plagiarized paper.

CHEATING

Any of the following violations are deemed instances of cheating:

- Copying the answers of another student in any test, examination, or take- home assignment.
- Using materials in an examination or test other than those approved by the instructor.

If a student cheats during a quiz, test or final examination, the student's examination may be removed. The student receives a 0% for the examination. The instructor will submit an Academic Misconduct Incident Report to the Registrar along with the quiz, test or final examination.

OTHER ACADEMIC MISCONDUCT

Other types of academic misconduct include:

- Fabricating evidence or statistics which supposedly represent original research.
- Returning a test for a proposed grade improvement having changed any information on that test after it was marked or scored.
- Submitting the same paper or portions thereof for more than one class or assignment, without approval by the instructors involved.

- Knowingly contributing to another student's cheating or plagiarism by sharing, for the purpose of deceit, material with another student
- Any other actions that compromise academic integrity.

If a student commits an act of academic misconduct the instructor will submit an Academic Misconduct Incident Report <https://lcc.lt/academics/forms-requests> with a description and supporting documentation describing the misconduct.

Standard of Evidence. LCC disciplinary process requires a preponderance of evidence for finding an individual responsible for a violation. Unlike the criminal system, which requires evidence "beyond a reasonable doubt", the University's disciplinary decision is based on the "greater weight of the evidence." A preponderance of evidence standard requires that the information show it is "more likely than not" that a violation has occurred.

If a student does not agree to sign the Academic Misconduct Incident Report by claiming innocence, the student can have the case adjudicated before the Committee on Discipline (COD). The COD will make a determination, which if guilty will result in the assigned discipline below. Only if new evidence comes to light, may a student appeal the COD's decision to the Academic Vice President.

DISCIPLINE

After the first instance of substantial plagiarism or any other form of cheating or academic misconduct within a single class, the student will receive a warning letter and have an educational meeting with the Director of Student Success and Wellness, which will include an educational assignment.

Two instances of substantial plagiarism, or an instance of substantial plagiarism combined with any other form of cheating or academic misconduct within a single class, will result in failure of the course, a warning letter to the student and a disciplinary meeting with the Academic Vice President.

Two instances of substantial plagiarism, or an instance of substantial plagiarism combined with any other form of cheating or academic misconduct within two different classes, will result in a warning letter to the student and a disciplinary meeting with the Academic Vice President.

A third instance of substantial plagiarism, cheating or other academic misconduct results in dismissal.

DISCONTINUING STUDIES

Disruption of studies for any reason will lengthen the amount of time required to complete the program of study. See the section on Academic Requirements.

ACADEMIC LEAVE

A student wishing to leave LCC voluntarily for a limited period may choose to be classified as a student on Academic Leave. Application for Academic Leave should be made during the semester prior to the intended leave. An application form is available at <https://lcc.lt/academics/forms-requests>. The purpose for requesting Academic Leave should be indicated on the form. Students must not have any outstanding debts.

Academic Leave may be granted for periods of up to one year. A student who has been absent for more than one year will be considered withdrawn from LCC.

Students on Academic Leave shall retain all the catalog privileges of continuous enrollment. Students should be aware, however, of the consequences of stepping out of the annual sequence of courses. Additional semesters may be required in order to complete the program. After returning from academic leave, there is no need to reapply for admission to LCC.

Students should also note that academic leave counts toward the 5 years required to complete the degree requirements for graduation.

WITHDRAWAL FROM LCC

During the semester, a student intending to withdraw from LCC is required to complete a Withdrawal Request Form available online <https://lcc.lt/academics/forms-requests>. The SFS Office will pay any refund due to the student after the student has officially withdrawn.

READMISSION AFTER WITHDRAWAL

Students who have withdrawn from studies but would like to return will be required to apply for readmission by contacting the Registrar. Readmission will take into full account the student's complete record of past performance at LCC. Students who have not attended LCC for more than two academic years will be required to follow the curriculum in the catalog for the academic year in which they are reinstated. Acceptance, denial, or readmission on probation, are the possible options open to Academic Vice President.

DISMISSAL

The decision to dismiss a student is determined by Committee on Academic Standing (CAS) after a careful review of student's academic performance (e.g. if CUM GPA goes down after the second or third semester on probation).

Students who have been dismissed lose the status of student and with that all rights and privileges afforded to LCC students.

SUSPENSION

The decision to suspend a student is determined by CAS, Committee on Discipline (COD) or a combination of both after careful review in case a student is unable to remain in Good Academic Standing or to conform to the Community Standards due to any unusual circumstances including circumstances caused by medical, psychological, behavioral and/or discipline issues.

Suspension provides students the opportunity to consider whether they wish to continue their education at LCC. While on suspension the person loses the status of student and with that all rights and privileges afforded to LCC students. Suspensions are always at least one semester and seldom more than two semesters in length.

APPEAL PROCESS AFTER SUSPENSION/DISMISSAL

STEP #1 Students who have been suspended or dismissed and wish to appeal the decision need to discuss their situation with the CAS members at a specially arranged CAS hearing. If a student is unable to attend the hearing, they can send a statement explaining the reasons why the decision needs to be reviewed. CAS will communicate the final decision after the hearing. If a student fails to attend the hearing or send a statement, CAS decision is final and non-negotiable.

STEP #2 Students who are not satisfied with CAS decision after the hearing may submit a final written appeal to the Academic Vice President within 24 hours. The Academic Vice President

will review the case along with the Registrar and a Program Director. That decision will be final and non-negotiable.

NOTE: Students who were dismissed but successfully appealed to continue their studies, either through CAS or the Academic Vice President, must meet the conditions of probation contract and return to good academic standing by the end of the semester. If they fail to do so and are dismissed again, they will lose the opportunity to appeal for a second time. That decision will be final and non-negotiable.

READMISSION AFTER SUSPENSION/DISMISSAL

Readmission for suspended students is not automatic, and students may apply for readmission following the applicable suspension period. Suspended students may apply for readmission to LCC by contacting the Registrar. Suspended students must present evidence that they are ready to return to LCC. The Academic Vice President will take into full account the student's complete record of past performance at LCC. Suspended students are readmitted on probation if their CUM GPA was below 6.00 at the point of suspension.

Dismissed students are not normally readmitted. However, in cases of strong rationale students may reapply, but they are not guaranteed readmission. Dismissed students may reapply after three semesters away from LCC by contacting the Registrar. CAS will take into full account the student's complete record of past performance at LCC.

Students who have not attended LCC for more than two academic years will be required to follow the curriculum in the catalog for the academic year in which they are readmitted. If a readmitted student fails to live up to the terms of their contract, the student will normally be dismissed.

MA TESOL

(TEACHING ENGLISH TO SPEAKERS OF OTHER LANGUAGES)

MISSION STATEMENT

The MA TESOL (Teaching English to Speakers of Other Languages) program provides a rigorous education in applied linguistics and transformative English language teaching methodology. This program is offered in a uniquely designed format that provides working individuals or students with a flexible schedule to obtain their master's degree on a part-time basis through a web-based, blended-learning model. The program's design builds on the strength of the university's historic experience with teaching English in the regional and local community and offers a graduate-level degree for those interested in pedagogical excellence. The students who enroll in this program are usually international language teachers who desire to enrich their professional credentials and methodological competence. The goal of this program is to equip graduates for teaching, administrative and leadership positions in the field of TESOL. The core of this program consists of building theoretical linguistic frameworks for the purpose of researching and applying principles of language teaching pedagogy in practical settings.

CAREER OPPORTUNITIES

A graduate of the MA TESOL program is prepared to teach English to speakers of other languages, to participate in the administration and management of English language programs, and to engage in further research in the field of applied linguistics at the doctoral level. It is designed for those who are willing to deepen their knowledge of applied linguistics as well as those who want a thorough knowledge of foreign language teaching methods and their practical application in international contexts. The course schedule is structured so that working professionals internationally are able to complete the program in 24 months. This design provides the opportunity for deep engagement of the material, connections within community, and application within the topic of one course at a time. The affordable cost of the program as well as the convenience of this program makes it ideal for both working language teachers seeking promotion or leadership positions and other individuals seeking a TESOL related career around the world.

The MA TESOL program at LCC International University is geared toward a wide audience of applicants who are or seek to be engaged in teaching English or administering language programs. It is designed for those who are interested in deepening their knowledge of applied linguistics as well as those who want a thorough knowledge of foreign language teaching methods and their practical application in international contexts. In particular, the program is designed for:

- Individuals serving in missions as English language teachers
- English teachers who are teaching in an increasingly multilingual world
- Leaders who are interested in language program administration and management
- Individuals who are interested in research in the field of applied linguistics.
- High school teachers eager to enrich their professional competence
- Individuals who have received their bachelor's degree and want to pursue a teaching career anywhere in the world

ENG 691 Thesis (18 ECTS) is the course dedicated to project work.

TESOL GRADUATE CERTIFICATE PROGRAM

The MA TESOL Graduate Certificate Program is for pre-service or in-service teachers who enroll in a MA TESOL course (or several courses) without committing to the full two-year program. Students enroll as a "Guest Student" and earn 6 ECTS credits per course. Participants are full members of the course; they have access to the lectures, they join group discussions, and they complete projects and assignments. Students will also receive feedback on course work and grades from the instructor. When a student has completed four (4) courses, they earn an MA TESOL Graduate Certificate. However, students may elect to take fewer than four (4) courses.

Students who successfully complete courses through the Graduate Certificate Program can easily continue in the program and enroll as a full-time student in the MA TESOL Program, because credits earned as through the Graduate Certificate Program can be transfer to LCC's MA TESOL program. Alternatively, ECTS credits earned can be transferred to other universities.

MA TESOL PRACTICUM OPTIONS

All MA TESOL students will enroll in ENG 580 Integrated Skills Practicum, earning 6 ETCS credits. This practicum course requires the students to teach and reflect on the teaching process with the help of a practicum supervisor. Students have several options for completing their practicum hours

MA TESOL students are responsible for finding their own practicum locations and supervisors. Students may elect to do their practicum in any country in the world. The course instructor and the MA TESOL Program Director may have suggestions. Students may elect to complete their practicum in private language programs, public schools, or summer camps.

MA TESOL students may elect to complete their practicum at LCC's Summer Language Institute in July on campus. SLI is a high energy environment for teachers and students as we enroll nearly 250 teenagers from across the region each summer. Classes run daily, and co-curricular activities are planned in the evenings. SLI has a long tradition of excellent English language instruction and a healthy atmosphere for teenagers. The program includes classes from elementary to advanced levels of instruction. Nearly 40 North American teachers volunteer their time to come to Lithuania to teach at SLI; there are good opportunities for collegiality.

Students will submit a Practicum Application to the instructor of ENG 580 Integrated Skills Practicum to get approval for their practicum before beginning accumulating academic hours for the practicum.

07 COURSE DESCRIPTIONS

ENG 500

Teaching English as an International Language: 6 ECTS credits

The course asks foundational questions about how we understand the inherent complexities in English language teaching in local contexts that are increasingly interconnected on global platforms. Throughout the course, the factors of political history, cultural particularity, and language choice are examined related to the dynamics of global uses of English worldwide. Through an assessment of current literature, investigation into specific teaching contexts, and reflection on faith integration activities, this course is designed to challenge students to examine their own assumptions, values and beliefs which inform their perspective of the English language teaching field as well as their current priorities and teaching practices.

ENG 510

Linguistic Theory and Language Teaching: 6 ECTS credits

This course offers the students an overview of the field of linguistics with attention to the ways that linguistic knowledge informs good teaching practice. The course familiarizes students with the main subfields of linguistics (phonetics, phonology, morphology, syntax, semantics, pragmatics, and sociolinguistics) and students solve linguistic exercises to strengthen their abilities to analyze linguistic data. Students are exposed to a variety of historic and contemporary approaches to understanding linguistics, and attention is paid to the interaction of linguistics theory and language teaching.

ENG 520

Second Language Acquisition Theory: 6 ECTS credits

The goal of this course is to broaden students' knowledge of the theoretical approaches to second language acquisition (SLA) and the issues surrounding the process of acquiring a second language. In the first part of the course, students are introduced to the main theoretical approaches to understanding SLA with discussion of the practical implications of different views on SLA theory. The second part of the course investigates SLA process and its complexity by considering a number of different variables that have an impact on overall learner success; age, individual differences, styles and strategies, pedagogical approaches, transfer, and implicit vs. explicit approaches to learning.

ENG 530

Curriculum and Materials Design: 6 ECTS credits

This course presents English language program preparation based on student needs-based analysis. Materials development and design methods are discussed. Students are taught how to prepare programs for longer periods of time than one day class. Students are also taught the application of theoretical knowledge in assessing student needs, outlining goals of the program and objectives of the course, developing the syllabus and preparing appropriate materials. Attention is given to the application of information technology and multimedia use for English language learning. Students are also taught to analyze the newest teaching materials; textbooks are examined and evaluated.

ENG 540

Methods of Second Language Pedagogy: 6 ECTS credits

This course gives an overview of effective pedagogical techniques for teaching English to speakers of other languages. Students will learn methodological approaches that support teaching receptive and productive skills as well as some practical classroom ideas for integrating skills in the EFL classroom. The course includes introduction to task based learning, CLIL, and English for specific purposes. Emphasis is on culturally and contextually appropriate pedagogy.

ENG 551

Language Assessment: 6 ECTS credits

This course deepens the students' knowledge in the theoretical background of English language assessment and exposes the students to the language tests (their properties and purposes) available for today's classroom and institutional use. The course also provides the guidelines and criteria for examining and evaluating English language tests. In the second part of the course, students are taught how to design, implement and evaluate valid and comprehensive language tests for the assessment of adult language proficiency. The course introduces the students to the statistics commonly employed in language testing. Finally, the course challenges students to utilize authentic assessment measures, ensuring that both formative and summative evaluation occurs within the English language curriculum.

ENG 580

Integrated Skills Practicum: 6 ECTS credits

It is a practicum course giving the opportunity for students to plan, apply, and reflect on pedagogical techniques in classrooms. In their chosen context, students will prepare real lessons for real students and then reflect on the appropriateness of those pedagogical techniques for the students. The course requires students to observe another teacher and they are required to be observed by the instructor. In this course, students will link theory to classroom practice, developing their own ideas of appropriate pedagogy.

ENG 610

Action Research Practicum: 6 ECTS credits

This advanced course will combine the theory of research methodology in the language classroom and the PLAN/ACT/OBSERVE/REFLECT model of inquiry. Students will select an area of language teaching, specific to their context, which will form the basis for their research. They will analyze, hypothesize, and test their own theories in their own classrooms. The results of their action research will be used to impact their teaching of language.

ENG 650

Theory and Practice of Grammar Teaching: 6 ECTS credits

This course deals with the theoretical and practical problems in teaching grammar in the classroom. Students discuss how grammar instruction fits into current theories of language teaching and what it means to teach grammar. Much attention is given to the types of grammatical feedback available for the classroom. A special emphasis is placed on how to create and evaluate materials for teaching grammar.

ENG 660

Program Administration: 6 ECTS credits

This course is an overview (broadening) of the issues related to managing English language programs in public schools and private language companies. Issues related to staff are teacher recruitment, selection, retention and development. Issues related to curriculum are the design, revision and evaluation of current curriculum, and selection of materials. Students will study a specific context (their own student body) to gain a data driven perspective on the students' needs, goals, and motivations of their students in order to make reasonable decisions regarding placement and management of students enrolled in their program. Students will learn the basics of program management for private language schools and administrative decisions and tasks related to marketing, admissions, registration, and budgeting.

ENG 671

Research Methods: 6 ECTS credits

The course serves as a foundation for doing and critically evaluating research in applied linguistics. It provides the students with a broad overview of research methods available for language research and teaches them how to design language-based studies. In this course the emphasis is given to quantitative and qualitative methods of data collection and analysis. The course also presents the basic concepts of descriptive and inferential statistics and teaches the students how to interpret the statistics of the already published studies.

ENG 685

Planning Research: 12 ECTS credits

In this course, students will explore how to design a research project in the areas of applied linguistics, language acquisition, language pedagogy, and language assessment. This class is structured to serve as an extension of students' general research knowledge, covered in the ENG 671 Research Methods course, to practical application. Students will apply their knowledge of research theory in practice. Assignments in this course include crafting an extensive literature review, designing a methodological approach, and gaining permission to conduct research. This course differs from ENG 671 as students are matched with an advisor.

Prerequisite(s): Successful completion of all other courses in the program

ENG 691

Final Project: 18 ECTS credits

In this course students demonstrate advanced research knowledge and understanding of second language research methods through an original research project on a significant topic in the field. This project will involve developing data collecting instruments and data coding methods, analyzing data in coherent qualitative and /or quantitative models, and discussing and highlighting novel findings relevant to the field of second language research. Each student will work with a personal thesis advisor, with the final approval of the thesis being given by the Thesis Committee. The thesis must be presented at a public oral defense. The requirements of the thesis include the following components: the problem and its setting, the literature review, data collection methods, summary of results, conclusions, and recommendations for further research.

Prerequisite(s): Successful completion of all other courses in the program

10 APPENDIX

The Apostles' Creed

The Nicene Creed

LCC is committed to the historic Christian faith, which is expressed in the ecumenical creeds. These Creeds were formulated in the early centuries of Christian history, prior to the division of the Church into Orthodox, Catholic and Protestant (or Evangelical) branches. They are shared expressions of our common Christian faith.

THE APOSTLE'S CREED

I believe in God, the Father almighty, creator of heaven and earth.

I believe in Jesus Christ, His only Son, our Lord. He was conceived by the power of the Holy Spirit and born of the Virgin Mary. He suffered under Pontius Pilate, was crucified, died, and was buried. He descended to the dead. On the third day He rose again. He ascended into heaven and sits at the right hand of God, the Father Almighty. From there He shall come to judge the living and the dead.

I believe in the Holy Spirit, the holy catholic Church, the communion of saints, the forgiveness of sins, the resurrection of the body, and the life everlasting. Amen.

THE NICENE CREED

We believe in one God, the Father, the Almighty, maker of heaven and earth, and of all that is seen and unseen.

We believe in one Lord, Jesus Christ, the only Son of God, eternally begotten of the Father, God of God, Light of Light, true God from true God, begotten, not made, one in being with the Father. Through Him all things were made. For us men and for our salvation, He came down from heaven: by the power of the Holy Spirit, He was born of the Virgin Mary and was made man. For our sake He was crucified under Pontius Pilate; He suffered, died, and was buried. On the third day He rose again according to the Scriptures; He ascended into heaven and is seated on the right hand of the Father. He will come again in glory to judge the living and the dead, and His kingdom shall have no end. We believe in the Holy Spirit, the Lord, the giver of life, who proceeds from the Father (and the Son). With the Father and the Son He is worshipped and glorified. He has spoken through the prophets. We believe in one holy catholic and apostolic Church. We acknowledge one baptism for the forgiveness of sins. We look for the resurrection of the dead, and the life of the world to come. Amen.
